BIOGRAPHICAL NOTE

A graduate of the Detroit College of Medicine, N. L. Woody served as a physician, an assistant chief surgeon, and surgeon for the Ford Motor Company between 1913 and 1933. He worked in both the Rouge River Plant and Highland Park Plant medical departments.

SCOPE AND CONTENT NOTE

The papers consist of a circa 1919 report entitled "Ford Motor Company Medical Organization", which includes lists of personnel and treatments, department reports, statistics, and a brief history, and also photographs of the operating room and treatment room at Ford Motor Company's Highland Park factory and group portraits of the medical staff.
